Other Queer Discrepancies in the Price of Supplies.

The Aldermanic Committee appointed to investigate the various city departments if Brooklyn to-day began an inquiry into the management of the Tru-Home, and adjourned because the discoveries made by the expert accountant were of such a startling nature that he wished to go deeper into the accounts

In 1890, Mr. Allen stated, oats had been supplied for 50 cents a bushel, ard in 1935 oats had cost \$2.50. Salt mackerel cost one cent a pound one year, and the following year 14 cents a pound. Mr. Allen stated that it cost \$0 cents a day for each boy at the Home, while at the penitentiary it is only 9 cents, and at the jail 28 cents a day for each prisoner.
